SUMMARY

Information Technology student with a strong foundation in programming, machine learning fundamentals, and web technologies. Continuously developing technical and analytical skills through academic coursework and self-learning. Actively seeking internship opportunities to apply theoretical knowledge in practical, real-world environments.

WORK EXPERIENCE

Internship in Python & Machine Learning, IGDTUW

Jun 2024 - Jul2024

- Completed an internship focused on Python programming and machine learning fundamentals.
- Applied standard machine learning workflows, including data handling, model training, and evaluation.
- Gained hands-on experience working with real-world datasets and practical problem statements.

EDUCATION

Bachelor of Technology in Information Technology

Aug 2023 - July 2027

Manipal University Jaipur

SKILLS

- Programming Languages:** Python, C, C++, Java
- Web Technologies:** HTML5, CSS3, JavaScript, PHP, React,
- Machine Learning & AI:** Machine Learning Fundamentals, Deep Learning Basics, Data Preprocessing, Model Training & Evaluation
- Libraries & Tools:** NumPy, Pandas, Jupyter Notebook
- Developer & AI Tools:** Git, GitHub, VS Code, Claude, Cursor, Canva

PROJECTS

AI-Deepfake Detection System using Vision Transformer (ViT)

- Built a deepfake detection system using Vision Transformer (ViT) architecture.
- Used existing deepfake datasets with ImageNet pre-trained weights for training and fine-tuning.
- Performed data preprocessing, model training, and evaluation using Python.

CERTIFICATIONS

- Machine Learning with Python authorized by IBM
- Cybersecurity Analyst Job Simulation – Tata Group (Forage)
- Internship Completion Certificate – Python & Machine Learning, IGDTUW, Delhi
- Hackathon Participation Certificates – HackX 2.0 (IEEE MUJ), Smart India Hackathon (SIH) 2024
